Description of Contribution

Benefiting from a 4-year partnership with UN-Habitat on “The Future of Places” conference series leading up to Habitat III, created the research center for “Knowledge into Practice” to implement the New Urban Agenda.

Outcomes and impacts

Published research findings and project-level guidance in peer-reviewed journal articles, video interviews and lectures and professional and popular articles; served as consultants on implementation projects including age-friendly development as well as public space improvements in Africa, Asia and the Americas; relaunched International Making Cities Livable, a peer-to-peer conference series bringing together mayors, senior planners, academic researchers and offers to share tools and strategies for implementation.

New Urban Agenda Items

**Building urban governance structures to establish a supportive framework
Capacity Development**

Sustainable Development Goals

Goal 11 - Make cities and human settlements inclusive, safe, resilient and sustainable
